PREFACE

In the realm of capacity building and human resource development, it is both intriguing and paradoxical to observe the presence of 152 institutes providing training in the Federal Government of Pakistan. These institutes strive to improve the skills and knowledge of government staff/officers in various fields. Although it reflects an understanding of the importance of training in fostering professional growth and enabling government servants to contribute meaningfully to the country's progression, the prevalent concern of capacity shortage in the public sector raises important questions about the effectiveness of these training facilities. This calls for a comprehensive analysis of the training modules offered, methods used, and resources mobilised to bridge the existing gap and ensure the optimal utilization of these 152 training facilities. By critically assessing the training objectives and learning outcomes, capacity building through training can be aligned with the pressing needs of our public sector, leading to a more robust and proficient workforce capable of managing public policy processes in a more efficient manner.

Since detailed evaluation of all these training facilities would be a huge task, to start with, this document provides an overview of training institutes in Pakistan operating under the Federal Government. Out of a total 152 institutes or entities, we managed to list 116 institutes in this document, while some entities were excluded due to national security concerns. The institutes are categorised into two main groups: (a) training institutes/academies, and (b) entities offering training apart from their main functioning. Brief information of each entity is provided including their ambit, role and scope, head of the department, training methods, types of trainings offered, number of courses, number of faculty members, and contact information; all presented on a single page for easy reference.

Disclaimer: The information provided in this document is based on available data and is subject to updates and revisions. While we strive to maintain accuracy, we encourage users to verify the details with respective training institutes/organisations for the most up-to-date information.

We acknowledge that this document is a living resource, and we would appreciate any further contributions or additions from individuals or organisations who wish to expand this directory. Please feel free to reach out to us with any relevant information.

TABLE OF CONTENTS

FEDERAL GOVERNMENT TRAINING INSTITUTES.....	1
I. MINISTRY OF CABINET.....	2
ESTABLISHMENT DIVISION.....	3
1. National School of Public Policy (NSPP)	3
2. Civil Services Academy (CSA)	5
3. Secretariat Training Institute (STI)	6
4. Punjab Police College, Sihala	7
5. Pakistan Academy for Rural Development (PARA).....	8
6. A.H.K. National Centre for Rural Development (AHK-NCRD).....	9
CABINET DIVISION.....	10
7. Institute of Meteorology and Geophysics (IMG).....	10
8. Airport Security Force (ASF) Academy	11
9. Pakistan Civil Aviation Authority (PCAA).....	12
10. National Institute of Procurement (NIP), PPRA	13
II. MINISTRY OF CLIMATE CHANGE.....	14
11. Global Change Impact Studies Centre, Islamabad (GCISC)	15
12. National Institute of Disaster Management (NIDM).....	16
13. National Metrology Institute of Pakistan (NMIP)	17
III. MINISTRY OF COMMERCE.....	18
14. Pakistan Institute for Trade and Development (PITAD)	19
15. Pakistan Cotton Standards Institute (PCSI).....	20
16. Trade Development Authority of Pakistan (TDAP).....	21

I. MINISTRY OF CABINET

ESTABLISHMENT DIVISION

National School of Public Policy (NSPP)

Ambit	Training, Capacity Building
Affiliation	Establishment Division
Headed by the	Rector
Brief Introduction	Established under the NSPP Ordinance of 2002, NSPP is a premier training institute created to train and educate the civil servants. It has integral and constituent units. The integral units include National Management College, Executive Development Institute, National Institute of Public Policy, and Pakistan Administration. The constituent units include NIM Islamabad, NIM Karachi, NIM Lahore, NIM Peshawar, and NIM Quetta.
Training	<p>NSPP itself is a specialised training institution. It is the premier institution for the training and continuing education of civil servants in Pakistan. The school provides mandatory, three-tiered training courses for civil servants through their entire career cycle. Policy related, strategic, operational, and tactical training is provided beginning with Basic Pay Scale-18 officers up to Basic Pay Scale-20 officers who are transitioning to the highest level of public policy making.</p> <p>Type of Training:</p> <ul style="list-style-type: none"> Mandatory Trainings for Civil Servants Executive Training Program <p>No. of Courses:</p> <ul style="list-style-type: none"> Mid-Career Management Courses (Mandatory promotional course for BPS-18 to BPS-19) Senior Management Courses (Mandatory promotional course for BPS-19 to BPS-20) National Management Courses (Mandatory promotional course for BPS-20 to BPS-21) <p>Faculty: Around 12 instructors/trainers are engaged in training activities.</p>

i. National Institute of Management (NIM) – Islamabad, Quetta, Peshawar, Karachi, and Lahore

Ambit	Training Institutes (Constituent Units of NSPP)
Affiliation	NSPP/Establishment Division
Headed by the	Director General
Brief Introduction	The National Institute of Management (NIM) is a significant component of the National School of Public Policy, with campuses in Karachi, Islamabad, Lahore, Quetta, and Peshawar. NIM's main objective is to play a crucial role in the training and capacity-building of civil servants across Pakistan. NIM's training programs aim to enhance the communication, leadership, analytical, and interpersonal skills of civil servants to improve their decision-making at the operational and tactical levels. Furthermore, NIM conducts research, analysis, and evaluation to aid in policy planning and implementation at the operational level, while providing a comprehensive understanding of the concepts and tools of performance management. NIM also focuses on developing an understanding of the administrative and financial issues, government structures, and handling capacity of devolved ministries.

39. National Education Assessment System (NEAS)

Ambit	Education Assessment
Affiliation	Ministry of Federal Education & Professional Training
Headed by the	National Coordinator
Brief Introduction	National Education Assessment System (NEAS) was established as a development project in 2003. However, it was made a regular part of the education system before the culmination of project's life. It is an institutionalized program of the government to identify the gaps and challenges as well as strengths and weaknesses of Pakistan's education system via assessment of the students' learning achievements.
Training	<p>Internal Trainings: NEAS has a dedicated internal training wing that organizes training workshops and seminars.</p> <p>External Trainings: Before Covid-19, they used to send the employees to other institutions as well. However, due to a lack of budget, they are not providing such opportunity anymore.</p> <p>Type of Training: Specific Activity-based Trainings</p> <p>No. of Courses: The institute organizes 7-8 workshops, and each workshop takes two to three days.</p> <p>Faculty: Faculty depends on the nature of workshop. For work review or Lead/Master training, they have higher professors. Whereas, for the workshops related to data collection, the instructors are 16 grade or below.</p>
