

Nurturing Minds
***A Seminar Series to give impetus to development discourse
and stimulate intellectual thought***

**PAKISTAN INSTITUTE OF DEVELOPMENT
ECONOMICS**

**Topic: “The Data center: An Integrated Approach for Survey Data
Collection, Processing and Distribution”**

DR. MOHAMMAD MUSHTAQ

There is a need for integrated systems for survey data collections, processing and distribution in Pakistan. Using examples from the Panel Study of Income Dynamics (PSID) the University of Michigan, the objective of the seminar is to show as how such systems can be developed and implemented to cater data needs of all users, especially researchers and policy makers. Using internet, the users can access the data and/or documentation anytime from anywhere. The system maintains data integrity.
