Introduction to PIDE

- ✓ Established in 1957, PIDE is Pakistan's autonomous research hub for economics and social sciences, conducting theoretical and empirical research
- ✓ A leading institution for theoretical and empirical research in economics and social sciences in Pakistan.
- ✓ Its research informs economic policymaking and showcases social science research in Pakistan globally, providing students with a unique learning environment.
- ✓ As a Degree-Awarding Institute since 2006, PIDE offers affordable, high-quality education in a stimulating environment.
- ✓ Internationally recognized for its research and world-class degree programs (Economics, Finance, Econometrics, etc.) over the past 68 years.

Why Join PIDE for a Postgraduate Degree ?

Work Study Program (WSP)

An initiative designed to bridge the gap between academia and practical policy work. It offers PhD scholars the opportunity to gain real-world experience by engaging with Ministries, Industries, and Organizations (MIOs) to address real-world economic challenges. Scholars engaged via WSP receive a monthly stipend of PKR 80,000/-

Fee Neutral Admission- Deserving

Fee Neutral Admission- Deserving students will get generous concessions in fees

Merit Scholarship

The high achievers are offered a Merit scholarship to acknowledge their hard work.

Learn from the Best Minds

Study under the guidance of leading economists and researchers who are actively shaping Pakistan's development agenda.

Engage in Rigorous Academic Programs

Benefit from intellectually stimulating and comprehensive degree programs designed to equip you with strong analytical and research skills.

Participate in Cutting-Edge Research

Get opportunities to be involved in ongoing research projects, gaining hands-on experience in addressing real-world economic issues.

Access Comprehensive Economic Research Resources

Utilise PIDE's extensive library resources, modern facilities, and vibrant academic community to enhance your learning experience.

Gain Insights into Policy Making

Understand the intricate processes of economic policy formulation and implementation in Pakistan.

Prepare for Impactful Careers in Policy and Research

Equip yourself with the knowledge and skills necessary for impactful careers in government, international organisations, research institutions, and the private sector. With alumni placed in renowned institutions like the World Bank, IMF, State Bank, MoPD&SI and other government ministries and organizations, PIDE offers unmatched career development.

Develop Strong Analytical Skills

Hone your critical thinking, quantitative analysis, and problem-solving abilities, essential for a successful career in economics and related fields.

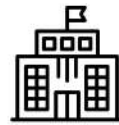

Network with Future Leaders

Connect with a diverse cohort of talented and motivated students who will become your future colleagues and collaborators.

Explore Diverse Fields of Economics

Discover and specialise in areas of economics that align with your interests, from macroeconomics to development economics and beyond, including but not limited to Data Science, Climate Change Resilience, Financial Technology (Fin-Tech), and Governance & Public Policy.

Be Part of a Prestigious Institution

Join a renowned institution with a long history of contributing to economic thought and policy in Pakistan. The students can also become part of the ongoing research projects and gain practical experience.

Why Join PIDE School of Economics (PSE) ?

Focused Economics Education

Benefit from specialized degree programs in Economics, Econometrics, Economics & Finance, Business Economics, and Environmental & Health Economics.

Think Tank for the Government

As a primary think tank for the Ministry of Planning, Development, and Special Initiatives, PIDE's research directly gets noticed in national policy-making.

Policy-Relevant Learning

Engage with real-time economic dilemmas, encouraging work on policy issues alongside theoretical foundations.

Be Part of a Pioneer Institution

Join the original school of economics within a well-established and respected institute.

Exposure to Policy Issues

You'll gain insights into real-world economic challenges facing Pakistan and learn how economic theory is applied to address them.

Expert Faculty in Core Economics

Learn from faculty specializing in Microeconomics, Macroeconomics, International Trade & Finance, and Monetary & Fiscal Policy.

Emphasis on Modern Economic Tools

Gain skills in Economic Modelling, Behavioural Economics, Machine Learning, and policy evaluation.

Located in Islamabad

Study in the heart of Pakistan's policy and academic discourse.
