21.2. The Procuring Agency may, under exceptional circumstances and at its discretion, extend the deadline for the submission of bids by amending the Bidding Documents. In such a case, all rights and obligations of the Procuring Agency and the Bidders that were previously subject to the original deadline shall thereafter be subject to the revised deadline.

E. Opening and Evaluation of Bids

22. Opening & Evaluation of Bids by the Procurement Cell/Evaluation Committee

22.1. The Procuring Agencies to constitute odd number Bid Evaluation Committee for the purpose of bid opening and evaluation of all procurements. As per Rules 29 & 30 of Public Procurement Rules, 2004, The Procuring Agency is required to establish a Procurement Cell/Evaluation Committee which shall Evaluate the Bids in accordance with the evaluation criteria, terms and conditions given in the bidding documents.

23. Opening of Bids

23.1. The Bid Evaluation Committee of the Procuring Agency will open all bids through EPADS, in the presence of bidders' or their representatives who

choose to attend, and other parties with a legitimate interest in the bid proceedings at the place, on the date and at the time, specified in the **BDS**. The Bidders' representatives present shall sign attendance sheet as proof of their attendance.

23.2. The bids shall be opened one at a time, and the following read out and recorded: (a) the name of the bidder; (c) the presence of a bid security, if required; and (d) any other details as the procuring agency may consider appropriate.

23.3. No bid will be rejected at the time of bid opening except for bids whose bid security has not been provided to the procuring agency before submission deadline.

23.4. The procuring agency shall prepare minutes of the bid opening. The record of the bid opening shall include, as a minimum: the name of the bidder and the bid price, if applicable.

24. Confidentiality

24.1. Information relating to the examination, clarification, evaluation and comparison of bids and recommendation of contract award shall not be disclosed to bidders or any other person(s) not officially concerned with such process, until the time of the announcement of the respective evaluation report.

24.2. Any effort by a bidder to influence the procuring agency processing of bids or award decision may result in the rejection of his bid.

25. Preliminary Examination of Bids

25.1. Prior to the detailed evaluation of bids, the procuring agency will determine whether each bid:

25.1.1. meets the eligibility criteria defined in **BDS**;

25.1.2. has been prepared as per the format and contents defined by the procuring agency in the bidding document;

25.1.3. is accompanied by the required securities; and

25.1.4. is substantially responsive to the requirements of the bidding document.

25.2. The procuring agency will confirm that the documents and information specified under **BDS, GCC and SCC** have been provided in the bids. If any of these documents or information is missing, or is not provided in accordance with the Instructions to Bidders, the bids shall be rejected.

25.3. If a bid is not substantially responsive, it will be rejected by the procuring agency and may not subsequently be evaluated for complete technical responsiveness.

26. Examination of Terms and Conditions, Technical Evaluation

26.1. The procuring agency shall evaluate the technical aspects of the bids submitted in accordance with **BDS**, to confirm that all requirements specified in **Evaluation Criteria, Technical Specifications and Schedule of Requirements**, prescribed in the bidding document have been met without material deviation or reservation.

26.2. If after the examination of the terms and conditions and the technical evaluation, the procuring agency determines that the bid is not substantially responsive in accordance with **BDS**, it shall reject the bids.

27. Correction of Errors

27.1. Bids determined to be substantially responsive will be checked for any arithmetic errors. Errors will be corrected as follows: -

27.1.1. if there is a discrepancy between unit prices and the total price that is obtained by multiplying the unit price and quantity, the unit price shall prevail, and the total price shall be corrected, unless in the opinion of the procuring agency there is an obvious misplacement of the decimal point in the unit price, in which the total price as quoted shall govern and the unit price shall be corrected;

27.1.2. if there is an error in a total corresponding to the addition or subtraction of sub-totals, the sub-totals shall prevail and the total shall be corrected; and

27.1.3. where there is a discrepancy between the amounts in figures and in words, the amount in words will govern.

27.1.4. Where there is discrepancy between grand total of price schedule and amount mentioned on the Forms of bid, the amount referred in Price Schedule shall be treated as correct subject to elimination of other errors.

27.2. The amount stated in the bid will be adjusted by the procuring agency in accordance with the above procedure for the correction of errors and, with the concurrence of the bidder that shall be considered as binding upon the bidder. If the Bidder does not accept the corrected amount, his bid will then be rejected, and the Bid Security may be forfeited or the Bid Securing Declaration may be executed.

28. Conversion to Single Currency

28.1. As per Rule 30 of Public Procurement Rules, 2004.

29. Evaluation of Bids

29.1. The procuring agency shall evaluate bids in accordance with Rule 30 of Public Procurement Rules, 2004 and compare only those bids determined to be substantially responsive.

29.2. In evaluating the Technical Bids of each Bidder, the Procuring Agency shall apply the evaluation criteria and methodologies specified in the Bid Data Sheet (BDS) and in accordance with the Statement of Requirements and Technical Specifications. No other evaluation criteria or methodologies shall be permitted.

29.3. In case of tie of bids, the bidders shall be provided an opportunity to offer their best and final monetary offer through EPADS. However, in no case the rates shall be higher than the original financial bids.

29.4. The Procuring agency evaluation of a bid will take into account:

29.4.1. the bid price, excluding provisional sums and the provision, if any, for contingencies in the summary bill of quantities, but including day work items, where priced competitively;

29.4.2. price adjustment for correction of arithmetic errors in accordance with **ITB 6**;

29.5. converting the amount resulting from applying (a) and (b) above, if relevant, to a single currency in accordance with **ITB 7**;

29.6. The estimated effect of the price adjustment provisions of the Conditions of Contract, applied over the period of execution of the Contract, shall not be taken into account in bid evaluation.

29.7. If these bidding documents allow bidders to quote separate prices for different lots, and the award to a successful bidder of multiple lots, the methodology of evaluation to determine the lowest evaluated lot combinations in the Form of Bid, is specified in the **BDS**.

30. Determination of Most Advantageous Bids

30.1. Selection technique will be adopted for determining the Successful Bid in accordance with the criteria referred in the **BDS** or prescribed in the separate section titled as Evaluation Criteria.

31. Abnormally Low Financial Bids

31.1. Procuring agency may reject a bid if it has determined that the price, in combination with other constituent elements of the bid, is abnormally low in relation to the subject matter of the procurement, such that it raises material concerns on the part of the procuring agency, as to the ability of the bidder to perform the procurement contract satisfactorily for the offered price.

A procuring agency shall not reject a bid as abnormally low under sub-clause (1) above unless the procuring agency -

31.1.1. requested in writing through EPADS from the bidder a written clarification of his bid, including a detailed price analysis of his bid price in relation to the subject matter of the procurement contract, scope, methodology, schedule, allocation of risks and responsibilities and any other requirements of the bidding document; and

31.1.2. having taken account, the information provided by the bidder in response to a request under paragraph (a) and the information included in the bid, the procuring agency determines that the bidder has failed to demonstrate its ability to perform the procurement contract satisfactorily for the offered price.

The procuring agency shall promptly communicate to the bidder concerned its decision to reject the bid, including the reasons for the decision.

32. Rejection of Bids

32.1. As per Rule 33 of the Public Procurement Rules, 2004

33. Single Responsive Bid

33.1. The procuring agency may consider single responsive bid subject to underlying conditions of Rule 38(b) of the Public Procurement Rules, 2004.

34. Arbitration

34.1. As per Rule 49 of Public Procurement Rules, 2004.

F. Award of Contract

43. Criteria of Award

43.1. The procuring agency will award the Contract to the bidder whose bid has been determined to be substantially responsive to the bidding document and who has been declared as most advantageous Bid.

44. Procuring Agency's Right to reject All Bids

44.1. The procuring agency reserves the right to reject all the Bids and to annul the procurement process at any time prior to acceptance of the bid(s), without thereby incurring any liability to the affected bidder(s).

44.2. Notice of the rejection of all bids shall be given promptly to all bidders that have submitted the bids. The procuring agency shall upon request communicate to any bidder the grounds for the rejection of his bid, but is not required to justify those grounds.

45. Notification of Award

45.1. Prior to the award of contract, the procuring agency shall issue a Final Evaluation Report giving justification for acceptance or rejection of the bids.

45.2. Bidder whose bid has been accepted, will be notified for the award by the Procuring Agency prior to expiration of the Bid Validity period through EPADS. The Letter of Acceptance will state the sum that the procuring agency will pay the successful bidder in consideration for the execution of the scope of works as prescribed by the Contract (hereinafter and in the Contract called the "Contract Price).

45.3. The notification of award will constitute the formation of the Contract, subject to the condition that bidder furnish the Performance Guarantee and signing of the contract.

46. Signing of Contract

46.1. Promptly after notification of award, Procuring Agency shall send the successful bidder the draft agreement, incorporating all terms and conditions as agreed by the parties to the contract. The successful bidder and the procuring agency shall sign the contract.

47. Performance Guarantee

47.1. After the receipt of the Letter of Acceptance, the successful bidder, within the specified time, shall deliver to the Procuring Agency a Performance Guarantee in the amount and in the form stipulated in the **BDS**

and SCC, denominated in the type and proportions of currencies in the Letter of Acceptance and in accordance with the Conditions of Contract.

47.2. Failure of the successful bidder to comply with the requirement of **BDS, SCC and GCC** shall constitute sufficient grounds for the annulment of the award and forfeiture of the bid security, in which event the procuring agency may make the award to the next ranked bidder or call for new bids.

48. Corrupt & Fraudulent Practices

48.1. Procuring Agencies (including beneficiaries of Government funded projects and procurement) as well as Bidders/Contractors under Government financed contracts, observe the highest standard of ethics during the procurement and execution of such contracts, and will avoid to engage in any corrupt and fraudulent practices.

G. Grievance Redressal & Complaint Review Mechanism

53. Constitution of Grievance Redressal

11. Entire Agreement

11.1. This Contract contains all covenants, stipulations and provisions agreed by the Parties. No agent or representative of either Party has authority to make, and the Parties shall not be bound by or be liable for, any statement, representation, promise or agreement not set forth herein.

12. Modification

12.1. Any modification or variation of the terms and conditions of this Contract, including any modification or variation of the scope of the Services, may only be made by written agreement between the Parties. However, each Party shall give due consideration to any modification(s) or variation(s) made by the other Party.

12.2. In cases of any modification(s) or variation(s), the prior written consent of the Procuring Agency is required.

13. Force Majeure

13.1. Definition

For the purposes of this Contract, "Force Majeure" means an event which is beyond the reasonable control of a Contractor and which makes a Contractor's performance of its obligations under the Contract impossible or so impractical as to be considered impossible under the circumstances.

13.2. No Breach of Contract

The failure of a Party to fulfill any of its obligations under the contract shall not be considered to be a breach of, or default under, this Contract in so far as such inability arises from an event of Force Majeure, provided that the Party affected by such an event (a) has taken all reasonable precautions, due care and reasonable alternative measures in order to carry out the terms and conditions of this Contract, and (b) has informed the other Party as soon as possible about the occurrence of such an event.

13.3. Extension of Time

Any period within which a Contractor shall, pursuant to this Contract, complete any action or task, shall be extended for a period equal to the time during which such Party was unable to perform such action as a result of Force Majeure.

13.4. Payments

During the period of their inability to perform the Services as a result of an event of Force Majeure, the Contractor shall be entitled to continue to be paid under the terms of this Contract, as well as to be reimbursed for additional costs reasonably and necessarily incurred by them during such period for the purposes of the Services and in reactivating the Service after the end of such period.

14. Termination

14.1. By the Procuring Agency

The Procuring Agency may terminate this Contract in case of the occurrence of any of the events specified in paragraphs (a) through (e) of this Clause. In such an occurrence the Procuring Agency shall give at least thirty (30) calendar days' written notice of termination to the Contractor in case of the events referred to in (a) through (d); at least sixty (60) calendar days' written notice in case of the event referred to in (e);

14.1.1. If the Contractor fails to remedy a failure in the performance of its obligations hereunder, as specified in a notice of suspension;

14.1.2. If the Contractor becomes (or, if the Contractor consists of more than one entity, if any of its members becomes) insolvent or bankrupt or enter into any agreements with their creditors for relief of debt or take advantage of any law for the benefit of debtors or go into liquidation or receivership whether compulsory or voluntary;

14.1.3. If the Contractor fails to comply with any final decision reached as a result of arbitration proceedings;

14.1.4. If, as the result of Force Majeure, the Contractor is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

14.1.5. If the Procuring Agency, in its sole discretion and for any reason whatsoever, decides to terminate this Contract;

14.2. By the Contractor

The Contractor may terminate this Contract, by not less than thirty (30) calendar days' written notice to the Procuring Agency, in case of the occurrence of any of the events specified in paragraphs (a) through (d) of this Clause.

14.2.1. If the Procuring Agency fails to pay any money due to the Contractor pursuant to this Contract and not subject to dispute within forty-five (45) calendar days after receiving written notice from the Contractor that such payment is overdue;

14.2.2. If, as the result of Force Majeure, the Contractor is unable to perform a material portion of the Services for a period of not less than sixty (60) calendar days;

14.2.3. If the Procuring Agency fails to comply with any final decision reached as a result of arbitration;

14.2.4. If the Procuring Agency is in material breach of its obligations pursuant to this Contract and has not remedied the same within forty-five (45) days (or such longer period as the Bidder may have subsequently approved in writing) following the receipt by the Procuring Agency of the Contractor's notice specifying such breach.

C. Obligations of the Contractor

15. General

15.1. Standard of Performance

15.1.1. The Contractor shall perform the Services and carry out the Services with all due diligence, efficiency and economy, in accordance with generally accepted professional standards and practices, and shall observe sound management practices, and employ appropriate technology and safe and effective equipment, machinery, materials and methods. The Contractor shall always act, in respect of any matter relating to this Contract or to the Services, as a faithful adviser to the Procuring Agency, and shall at all times support and safeguard the Procuring Agency's legitimate interests in any dealings with the third parties;

15.1.2. The Contractor shall employ and provide such qualified and experienced Experts and Sub-Contractors as are required to carry out the Services.

15.2. Law Applicable to Services

The Contractor shall perform the Services in accordance with the Contract and in accordance with the Law of Pakistan and shall take all practicable steps to ensure that any of its Experts and Sub-Bidders, comply with the Applicable Law.

16. Conflict of Interests

16.1. Contractor Not to Benefit from Commissions and Discounts

The remuneration of the Contractor shall constitute the Contractor's sole remuneration in connection with this Contract or the Services, and the Contractor shall not accept for their own benefit any trade commission, discount, or similar payment in connection with activities pursuant to this Contract or to the Services or in the discharge of their obligations under the Contract, and the Contractor shall use their best efforts to ensure that the Personnel, any Subcontractors, and agents of either of them similarly shall not receive any such additional remuneration.

16.2. Contractor and Affiliates Not to be Otherwise Interested in Project

The Contractor agree that, during the term of this Contract and after its termination, the Contractor and its affiliates, as well as any Subcontractor and any of its affiliates, shall be disqualified from providing Services (other than the Services and any continuation thereof) for any project resulting from or closely related to the Services.

16.3. Prohibition of Conflicting Activities

Neither the Bidder nor its Subcontractors nor the Personnel shall engage, either directly or indirectly, in any of the following activities:

- 16.3.1. during the term of this Contract, any business or professional activities in the Government's country which would conflict with the activities assigned to them under this Contract;
- 16.3.2. during the term of this Contract, neither the Contractor nor their Subcontractors shall hire public employees in active duty or on any type of leave, to perform any activity under this Contract;
- 16.3.3. after the termination of this Contract, such other activities as may be specified in the SCC.

17. Insurance to be Taken Out by the Contractor

17.1. The Contractor(a) shall take out and maintain, and shall cause any Subcontractors to take out and maintain, at its (or the Sub-contractors', as the case may be) own cost but on terms and conditions approved by the Procuring Agency, insurance against the risks, and for the coverage, as shall be specified in the SCC; and (b) at the Procuring Agency's request, shall provide evidence to the Procuring Agency showing that such insurance has been taken out and maintained and that the current premiums have been paid.

18. Contractor's Actions Requiring Procuring Agency's Prior Approval

18.1. The Contractor shall obtain the Procuring Agency's prior approval in writing before taking any of the following actions:

- 18.1.1. appointing such members of the Personnel not provided by the Contractor;
- 18.1.2. changing the Program of activities; and
- 18.1.3. any other action that may be specified in the SCC.

19. Reporting Obligations

19.1. The Contractor shall submit to the Procuring Agency the reports and documents in the numbers, and within the periods as prescribed by the Procuring Agency.

20. Liquidated Damages

20.1. Payments of Liquidated Damages

The Contractor shall pay liquidated damages to the Procuring Agency at the rate per day stated in the SCC for each day that the Completion Date is later than the Intended Completion Date. The total amount of liquidated damages shall not exceed the amount defined in the SCC. The Procuring Agency may deduct liquidated damages from payments due to the Contractor. Payment of liquidated damages shall not affect the Contractor's liabilities.

20.2. Correction for Over-payment

If the Intended Completion Date is extended after liquidated damages have been paid, the Procuring Agency shall correct any overpayment of liquidated damages by the Contractor by adjusting the next payment certificate. The Contractor shall be paid interest on the overpayment, calculated from the date of payment to the date of repayment, at the rates specified in SCC.

20.3. Lack of performance penalty

If the Contractor has not corrected a Defect within the time specified in the Procuring Agency's notice, a penalty for Lack of performance will be paid by the Contractor. The amount to be paid will be calculated as a percentage of the cost of having the Defect corrected, assessed as specified in the Contractor

21. Performance Guarantee

21.1. Within the time stipulated in the acceptance letter from the Procuring Agency, the successful Bidder shall furnish the Performance Guarantee in shape and amount **specified in SCC**.

21.2. The proceeds of the Performance Guarantee shall be payable to the Procuring agency as compensation for any loss resulting from the Supplier's failure to complete its obligations under the Contract.

21.3. The Performance Guarantee shall be denominated in the currency of the Contract, or in a freely convertible currency acceptable to the Procuring agency and shall be in the acceptable form as specified in **SCC**.

21.4. The Performance Guarantee will be discharged by the Procuring agency and returned to the Supplier not later than thirty (30) days following the date of completion of the Supplier's performance obligations under the Contract, including any warranty obligations, unless otherwise **specified in SCC**.

22. Sustainable Procurement

22.1. The Contractor shall conform to the sustainable procurement contractual provisions, if and as specified in the **SCC**.

D. Contractor's Personnel

23. Description of Personnel

23.1. The titles, agreed job descriptions, minimum qualifications, and estimated periods of engagement in the carrying out of the Services of the Contractor's Key Personnel. The Key Personnel listed by title as well as by name are hereby approved by the Procuring Agency.

24. Removal and / or Replacement of Personnel

24.1. Except as the Procuring Agency may otherwise agree, no changes shall be made in the Key Personnel. If, for any reason beyond the reasonable control of the Contractor, it becomes necessary to replace any of the Key Personnel, the Contractor shall provide as a replacement a person of equivalent or better qualifications.

24.2. If the Procuring Agency finds that any of the Personnel have (i) committed serious misconduct or have been charged with having committed a criminal action, or (ii) have reasonable cause to be dissatisfied with the performance of any of the Personnel, then the Contractor shall, at the Procuring Agency's written request specifying the grounds thereof, provide as a replacement a person with qualifications and experience acceptable to the Procuring Agency.

24.3. The Contractor shall have no claim for additional costs arising out of or incidental to any removal and/or replacement of Personnel.

E. Obligations of the Procuring Agency

25. Change in the Applicable Law

25.1. If, after the date of this Contract, there is any change in the Applicable Law with respect to taxes and duties which increases or decreases the cost of the Services rendered by the Contractor, then the remuneration and reimbursable expenses otherwise payable to the Contractor under this Contract shall be increased or decreased accordingly by agreement between the Parties, and corresponding adjustments shall be made to the amounts referred in the SCC.

26. Services and Facilities

26.1. The Procuring Agency shall make available to the Contractor and the Experts, for the purposes of the Services and free of any charge, the services, facilities and property described in the Terms of Reference, at the times and in the manner specified in the Terms of Reference.

26.2. In case that such services, facilities and property shall not be made available to the Contractor, the Parties shall agree on (i) any time extension that it may be appropriate to grant to the Contractor for the performance of the Services, (ii) the manner in which the Contractor shall procure any such services, facilities and property from other sources, and (iii) the additional payments, if any, to be made to the Contractor as a result thereof.

F. Payments to the Contractor

27. Contract Price

27.1. The price payable shall be in Pakistani Rupees unless otherwise specified in the SCC.

28. Terms and Conditions of Payment

28.1. Payments will be made to the Contractor according to the payment schedule stated in the SCC and as per actual invoice submitted by the Contractor.

28.2. Unless otherwise stated in the SCC, the advance payment shall be made against the provision by the Contractor of a bank guarantee for the same amount, and shall be valid for the period stated in the SCC. Any other payment shall be made after the conditions listed in the SCC for such payment have been met, and the Contractor have submitted an invoice to the Procuring Agency specifying the amount due.

29. Quality Control Identifying Defects

29.1. The principle and modalities of Inspection of the Services by the Procuring Agency shall be as indicated in the SCC. The Procuring Agency shall check the Contractor's performance and notify him of any Defects that are found. Such checking shall not affect the Contractor's responsibilities. The Procuring Agency may instruct the Contractor to search for a Defect and to uncover and test any service that the Procuring Agency considers may have a Defect. Defect Liability Period is as defined in the SCC.

30. Correction of Defects, and Lack of Performance Penalty

30.1. The Procuring Agency shall give notice to the contractor of any Defects before the end of the Contract. The Defects liability period shall be extended for as long as Defects remain to be corrected.

30.2. Every time notice a Defect is given; the contractor shall correct the notified Defect within the length of time specified by the Procuring Agency's notice.

30.3. If the contractor has not corrected a Defect within the time specified in the Procuring Agency's notice, the Procuring Agency will assess the cost of having the Defect corrected, the contractor will pay this amount, and a Penalty for Lack of Performance.

31. Settlement of Disputes Amicable Settlement

31.1. The Parties shall use their best efforts to settle amicably all disputes arising out of or in connection with this Contract or its interpretation.

32. Dispute Settlement

32.1. Arbitration

If any dispute of any kind whatsoever shall arise between the procuring agency and the contractor in connection with or arising out of the Contract, including without prejudice to the generality of the foregoing, any question regarding its existence, validity or termination, or the execution of the contract, the parties shall seek to resolve any such dispute or difference by mutual consultation. If the parties fail to resolve such a dispute or difference even after negotiations or mediation, then the dispute shall be referred within fourteen (14) days in writing by either party to the Arbitrator, with a copy to the other party.

Any dispute in respect of which a notice of intention to commence arbitration has been given, in accordance with **GCC sub-clause 32.1**, shall be finally settled by arbitration. Arbitration may be commenced prior to or after completion of the Contract. Arbitration proceedings shall be conducted in accordance with Arbitration Act 1940. Notwithstanding any reference to arbitration herein, the parties shall continue to perform their respective obligations under the Contract unless otherwise agreed. The Procuring Agency shall continue to pay the Contractor any undisputed amounts due under the Contract during the resolution of any dispute.

End Point Security Solution NEXT EDR Optimum RFP Compliance

Sr.No	Requirement	Compliance (Yes/No)
1.	The proposed solution must be able to detect following types of threat: Viruses (including polymorphic), Worms, Trojans, Backdoors, Rootkits, Spyware, Adware, Ransomware, Keyloggers, Crimeware, Phishing sites and links, Zero-Day Vulnerabilities and other malicious and unwanted software.	
2.	The proposed solution must support Anti-malware Scan Interface (AMSI).	
3.	The proposed solution must have the ability to integrate with Windows Defender Security Center.	
4.	The proposed solution must provide next gen protection technologies. For example: - protection against file-less threats - provision of multi-layered Machine Learning (ML) based protection and behavioral analysis during different stages of the kill-chain	
5.	The proposed solution must provide Kernel Memory Scanning for Linux workstations.	
6.	The proposed solution must provide the ability to switch to cloud mode for threat protection, decreasing RAM and hard disk drive usage for resource-limited machines.	
7.	The proposed solution must include the following components in a single agent installed on the endpoint: - Application, Web and Device Controls - Anomaly Detection - HIPS and Firewall - Patch Management - Encryption	
8.	The proposed solution must, on detecting ransomware/cryptor-like activity, automatically block the attacking computer for a specified interval and list information about the attacking computer IP and timestamp, and the threat type.	
9.	The proposed solution must enable the following for endpoints: - Manual Scanning - On-Access Scanning - On-Demand Scanning - Compressed File Scanning - Scan Individual File, Folder and Drive - Script Blocking and Scanning - Registry Guard - Buffer Overflow Protection - Background/Idle Scanning - Removable Drive Scanning on connection with system - The ability to detect and block untrusted hosts on detection of encryption-like activities on server shared resources.	
10.	The proposed solution should be password-protected to prevent the AV process being halted/killed and for self-protection, regardless of the user authorization level on the system.	
11.	The proposed solution must prevent the connection of reprogrammed USB devices emulating keyboards, and enable control of the use of onscreen keyboards for authorization.	
12.	The proposed solution must support AM-PPL (Anti-Malware Protected Process Light) technology for protection against malicious actions.	

13.	The proposed solution must provide Anti-Bridging functionality for Windows workstations to prevent unauthorized bridges to the internal network that bypass perimeter protection tools. Administrators should be able to ban the establishment of simultaneous wired, Wi-Fi, and modem connections.	
14.	The proposed solution must have following remote data wipe functionalities: • In silent mode • On hard drives and removable drives • For all user accounts on the computer	
15.	The proposed solution must be able to differentiate between USB storage devices, printers, mobiles and other peripherals.	
16.	The proposed solution must be able to log file operations (Write and Delete) on USB storage devices. This should not require any additional license or component to be installed on the endpoint.	
17.	The proposed solution must have ability to block the execution of any executable from the USB storage device.	
18.	The proposed solution must have a specific detection category to block website banners.	
19.	The proposed solution must support user-based policies for Device, Web and Application Control.	
20.	The proposed solution should specifically allow the blocking of the following devices: • Bluetooth • Mobile devices • External modems • CD/DVDs • Cameras and Scanners • MTPs • And the transfer of data to mobile devices	
21.	The proposed solution must include traffic malware filtering, web link verification and web-resource control based on cloud categories.	
22.	The proposed solution's application control component must include Deny List and Allow List operational modes.	
23.	The proposed solution must support the control of scripts from PowerShell.	
24.	The proposed solution must support Test Mode with report generation on the launch of blocked applications.	
25.	The proposed solution must have the ability to restrict application activities within the system according to the trust level assigned to the application, and to limit the rights of applications to access certain resources, including system and user files "HIPS functionality".	
26.	The proposed solution must have the ability to scan multiple redirects, shortened URLs, hijacked URLs, and time-based delays.	
27.	The proposed solution must enable the user of the computer to perform a check on a file's reputation from the File Context menu.	
28.	The proposed solution must include multiple ways to notify the administrator about important events which have taken place (mail notification, audible announcement, pop-up window, log entry).	
29.	The proposed solution must allow to protect Exchange Online mailboxes, OneDrive users and SharePoint Online sites that are managed through Office 365.	
30.	The proposed solution must allow to detect critical information in files that are located in Office 365 cloud storages.	
31.	The proposed solution must include in-app cybersecurity training.	
32.	The proposed solution must support installation in EDR Agent configuration to support installation alongside third-party solutions.	

33.	The proposed solution must support usage in Light Agent mode to protect virtual environments or in standalone mode.	
34.	The proposed solution must support direct integration with the vendor's SIEM system	
1.	The proposed solution should be able to protect or manage mobile devices including Android: Android 5.0 or later (including Android 12L, excluding Go Edition)	
2.	The proposed solution should be able to protect or manage iOS mobile devices: iOS 10–17 or iPadOS 13–17	
3.	The proposed solution must support Android Device Owner devices.	
4.	The proposed solution must support iOS supervised devices.	
5.	The proposed solution must have the functionality to add a website excluded from the scan to an Allow List.	
6.	The proposed solution must include website filtering by categories and allow the administrator to restrict user access to specific categories (for example, gambling-related websites or social media categories).	
7.	The proposed solution must enable the administrator to obtain information about the operation of antivirus and web protection on the user's mobile device.	
8.	The proposed solution must have the functionality to detect the location of the mobile device location via GPS, and show this on Google Maps.	
9.	The proposed solution must enable the administrator to take a picture (Mugshot) from the front camera of the mobile when it's locked.	
10.	The proposed solution must have containerization capabilities for Android devices.	
11.	The proposed solution must have the functionality to remotely wipe the following from Android devices: - containerized data - corporate email accounts - settings for connecting to the corporate Wi-Fi network and VPN - Access Point Name (APN) - Android for Work profile - KNOX container - KNOX License Manager key	
12.	The proposed solution must have the functionality to remotely wipe the following from iOS devices: - All installed configuration profiles - All provisioning profiles - The iOS MDM profile - Applications for which Remove and the iOS MDM profile check box have been selected	
13.	The proposed solution must allow the encryption of all data on the device (including user account data, removable drives and apps, as well as email messages, SMS messages, contacts, photos, and other files). Access to encrypted data should only be possible on an unlocked device through a special key or device unlock password.	
14.	The proposed solution must offer controls to ensure that all devices comply with corporate security requirements. Compliance Control should be based on a set of rules which should include the following components: - Device check criteria - Time period allocated for the user to fix the non-compliance - action that will be taken on the device if the user does not fix the non-compliance within the set time period	

	Ability to remediate non-compliant devices	
15.	The proposed solution must have the functionality to detect and to notify the administrator about device hacks (e.g. rooting, jailbreak).	
16.	The proposed solution should enable management of at least the following device features: - Memory cards and other removable drives - Device camera - Wi-Fi connections - Bluetooth connections - Infrared connection port - Wi-Fi access point activation - Remote desktop connection - Desktop synchronization - Configure Exchange Mailbox settings - Configure mailbox on iOS MDM devices - Configure Samsung KNOX containers. - Configure the settings of the Android for Work profile - Configure Email/Calendar/Contacts - Configure Media content restriction settings. - Configure proxy settings on the mobile device - Configure certificates and SCEP	
17.	The proposed solution must provide Anti-Theft functionality, so that lost and/or displaced devices can be located, locked and wiped remotely.	
18.	The proposed solution must provide the facility to block forbidden applications from being launched on the mobile device.	
19.	The proposed solution must be able to enforce security settings, such as password restrictions and encryption, on mobile devices.	
20.	The proposed solution must have the ability to push applications recommended/required by the administrator to the mobile phone.	
21.	The proposed solution must have Application Control with the Forbidden/Allowed application modes.	
22.	The proposed solution must include a subscription model.	
23.	The proposed solution must protect from online threats on iOS devices.	
24.	The proposed solution must have MDM included.	
1.	The proposed solution must support encryption on multiple levels: - Full disk encryption – including system disk - File and folder encryption - Removable media encryption BitLocker and MacOS Filevault2 Encryption Management	
2.	The proposed solution must offer integrated File Level Encryption (FLE) functionality that allows: - The encryption of files on local computer drives. - The creation of encryption lists of files by extension or group of extensions. The creation of encryption lists of folders on local computer drives.	
3.	The proposed solution must offer integrated File Level Encryption (FLE) functionality that allows the encryption of files on removable drives. This must include the ability to: Specify a default encryption rule by which the application applies the same action to all removable drives. Configure encryption rules for files stored on individual removable drives.	
4.	The proposed solution must offer the capability to restore encrypted devices if an encrypted hard drive or removable drive is corrupted.	

5.	The proposed solution must offer the ability to centrally monitor encryption status and to generate reports regarding encrypted computers/devices.	
6.	The proposed solution must support pre-boot authorization for following devices: Safe Net eToken 4100, Gemalto IDPrime .NET (511), Rutoken ECP Flash.	
7.	The proposed solution must provide the functionality to manage/apply Microsoft Bit locker encryption.	
1.	The proposed solution should include features to manage computers remotely, including: • Remote installation of third-party software • Reporting on existing software and hardware • Monitoring for the installation of unauthorized software Removal of unauthorized software	
2.	The proposed solution should include patch management capabilities for Windows operating systems and for installed third-party applications.	
3.	The proposed solution must provide the facility to select which patches are to be downloaded/pushed to endpoints, based on their criticality.	
4.	The proposed solution must be able to detect existing vulnerabilities in operating systems and other installed applications, and then to respond by automatically downloading/pushing the necessary patches to endpoints.	
5.	The proposed solution must provide comprehensive reports on discovered vulnerabilities and missing patches, as well as on endpoints and patch deployment status.	
6.	The proposed solution should have the capability to push specific patches based on criticality or severity.	
7.	The proposed solution must support the automated distribution of patches and updates for 150+ applications.	
8.	The proposed solution must have patch testing mode support functionality,	
9.	The proposed solution must include dedicated fields that contain information about 'Exploit found for the vulnerability' & 'Threat found for the vulnerability'.	
10.	The proposed solution must be able to deliver vulnerability fixes to client computers without installing the updates.	
11.	The proposed solution must have ability to test the installation of updates on a percentage of computers before application to all target computers. The administrator must be able to configure the number of test computers as a percentage, and the time allocated prior to full rollout in terms of hours.	
12.	The proposed solution must enable the removal/uninstallation of specified application and operating system updates.	
13.	The proposed solution management server must be able to send logs to SIEMs and SYSLOG servers.	
14.	The proposed solution must be able to track third party application licenses and raise notifications of any potential violations.	
15.	The proposed solution's reporting must contain CVE information.	
1.	The proposed solution must enable the installation of anti-malware software from a single distribution package.	
2.	The proposed solution must support Windows Failover Cluster.	
3.	The proposed solution must have a built-in clustering feature.	
4.	The proposed solution must include some form of system to control virus epidemics.	
5.	The proposed solution must include Role Based Access Control (RBAC), and this must allow restrictions to be replicated throughout the management servers in the hierarchy.	
6.	The proposed solution's management server must include pre-defined security roles for the Auditor, Supervisor and Security Officer.	

7.	The proposed solution must have ability manage mobile devices through remote commands.	
8.	The proposed solution must have ability to delete downloaded updates.	
9.	The proposed solution's management server must have functionality to create multiple profiles within a protection policy with different protection settings that can be simultaneously active on a single/multiple devices based on the following activation rules: • Device status • Tags • Active directory • Device owners • Hardware	
10.	The proposed solution must support following notification delivery channels: • Email • Syslog • SMS • SIEM	
11.	The proposed solution must have the ability to perform inventory on scripts and .dll files.	
12.	The proposed solution must have the ability to tag/mark computers based on: • Network Attributes ○ Name ○ Domain and/or Domain Suffix ○ IP address ○ IP address to management server • Location in Active Directory ○ Organizational Unit ○ Group • Operating System ○ Type and Version ○ Architecture ○ Service Pack number • Virtual Architecture • Application registry ○ Application name ○ Application version ○ Manufacturer	
13.	The proposed solution must have the ability to create/define settings based on a computer's location in the network, rather than the group to which it belongs in the management server.	
14.	The proposed solution must have the functionality to detect non-persistent virtual machines and automatically delete them and their related data from the management server when powered off.	
15.	The proposed solution must enable the administrator to set a period of time after which a computer not connected to the management server, and its related data are automatically deleted from the server.	
16.	The proposed solution must allow the administrator to create categories/groups of application based on: • Application Name • Application Path • Application Metadata • Application Digital certificate • Vendor pre-defined application categories	

	• SHA • Reference computers to allow/deny their execution on endpoints.	
17.	The proposed solution must support the download of differential files rather than full update packages.	
18.	The proposed solution must support OPEN API, and include guidelines for integration with 3rd party external systems.	
19.	The proposed solution must include a built-in tool to perform remote diagnostics and collect troubleshooting logs without requiring physical access to the computer.	
20.	The proposed solution must include Role Based Access Control (RBAC) with customizable predefined roles.	
21.	The proposed solution report must include details about which endpoint protection components are, or are not, installed on client devices, regardless of the protection profile applied/existing for these devices.	
22.	The proposed solution's primary management server must be able to retrieve detailed information reporting on the health status etc. of managed endpoints from the secondary management servers.	
23.	The proposed solution must include the following SIEM integration options: • HP (Microfocus) ArcSight • IBM QRadar • Splunk • Syslog	
24.	The proposed solution must support Single Sign On (SSO) using NTLM and Kerberos.	
25.	The proposed solution must support installation of 3 rd party applications	
1.	The suggested solution must support integration with APT solution.	
2.	The suggested solution must support integration with Managed Detection and Response service.	
3.	The suggested solution must support integration with threat intelligence portal, which contains and displays information about the reputation of files and URLs	
4.	The suggested solution must support integration with cloud reputation service.	
5.	The suggested solution must support central management and analytics through on-prem Web console and cloud management console. (Incident related data, System status and health check data, Settings, etc.)	
6.	EDR agent must have integration with Endpoint Protection application (Single agent).	
7.	EDR and Endpoint Protection solutions must have unified console for administrators and analysts	
8.	The suggested solution must support automated detection of malicious activity using Endpoint Protection solution and cloud sandboxing technology.	
9.	The suggested solution must supplement verdict information from Endpoint Protection solution with system artefacts about the detection.	
10.	The suggested solution must support import of third-party IoC in OpenIoC format for its use in network scanning.	
11.	The suggested solution must support scanning using auto generated, uploaded or external (third-party) set of IoCs to detect earlier undetected threats.	
12.	The suggested solution must support exporting of IoC generated by the solution to a file in OpenIoC format.	

13.	The suggested solution must generate detailed incident card related to the detected threat on an endpoints.	
14.	An incident card must include at least the following information about detected threat: • Threat development chain graph (kill chain). • Information about the device on which the threat is detected (name, IP address, MAC address, user list, operating system). • General information about the detection, including detection mode. • Registry changes associated with the detection. • History of the file presence on the device. • Response actions performed by the application.	
15.	An incident card must present detailed view on system artefacts and incident-related data for root cause analysis: • Process spawning • Network connections • Registry changes • Downloading object • Dropped objects, etc.	
16.	The suggested solution must support at least the following response actions that an administrator can perform when threats are detected: • Prevent object execution • Host isolation • Delete object from host or group of hosts • Terminate a process on the device • Quarantine an object • Run system scan • Remote program / process / command execution • Start IoC scan for a group of hosts.	
17.	Any additional Hardware required for installation/configuration of end point security solution must be provided by the vendor/bidder without any additional cost.	

Mandatory requirements for Bidders (Lot 2):

1. The bidder must be an Authorized Service partner/reseller/service provider of the original software manufacturer for the proposed software solution and must have a minimum of 05 years of established presence and technical support/service capability in Pakistan for the offered software solution.
2. The bidder shall provide valid authorized/partnership certificate and documentary evidence demonstrating its service and technical support presence in Pakistan.
3. Solution must be on premises and can work seamlessly with all security modules without internet
4. End point security required for 300 nodes
